Introduction

We have missed you face to face for 3 years and look forward to welcoming you back to **APHRS2022 Scientific Session** to be held in Singapore.

Our international and regional speakers are all ready to share their tricks and tips and new insights. We have made our venue conducive for you to meet and interact with these 300 experts and network with our industry partners at the market place.

It's a timely return as APHRS is celebrating our 15th anniversary at its birth place SINGAPORE. Singapore is all ready to receive you. No Quarantine! No Test! Free to shop, dine and visit all attractions without restrictions. Just wear your face mask on public transport.

If for any reasons you can't join us physically, you can join our online platform which will beam selected sessions LIVE. Whether you are at home or in office, you can meet our experts and industry partners to have one to one discussion too! The rest of the sessions are available as videos on demand till end December 2022 for all registered delegates.

See you from **18 to 20 November 2022**.

What to look out for in Singapore

For culture shapers

Experience our cultural diversity and multi-racial heritage through colourful dance and drumming performances that could be an inspiring way to kick-off the congress. Some performances to consider are:

Lion Dance: A traditional art form which incorporates martial arts, it is an uplifting dance (sometimes even featuring acrobatic stunts) performed on special occasions to bring good luck.

Zapin Kampong Melayu:

A lively dance that showcases the hustle and bustle of Kampong (or traditional village) life using traditional dance props.

Singapore hawker food

themed night: Experience Singapore's unique hawker culture and at the same time have a taste of the famed Singapore Sling, widely regarded as the national drink of Singapore and which was created in 1915 at the Long Bar in Raffles Singapore.

For explorers

Exclusive social tours and experiences may also be arranged for delegates who choose the nature and wildlife of Singapore. Some examples are:

An Evening in the Wild: As dusk falls at the Night Safari, the world's first park for nocturnal animals comes to life. Located by the tranquil Seletar Reservoir, delegates will be cocooned in the comfort of a tipi tent as they enjoy a memorable evening of drink, delectables and discoveries in the wild.

Singapore Botanic Gardens:

Delegates may breathe in the lush greenery at the historic Singapore Botanical Gardens, open since 1859 and newly minted as a UNESCO World Heritage site in 2015.

For action seekers

Delegates who prefer the adrenaline can chase the thrill through various means. Some examples where they can are at:

Universal Studios Singapore®:

Delegates may go beyond the screen and ride the movies at Universal Studios Singapore®. There is also an option to host upbeat social events on the alfrescoed New York Street, one of the theme park's seven experiential zones.

Sentosa Island: Besides lounging on the idyllic Tanjong or Palawan Beaches on Sentosa Island, delegates may choose to experience the Luge, a fun-filled gravity ride which descends through spectacular scenery with views of the forest and beach.

Marina Bay Sands

Observatory Deck: Head to the Marina Bay Sands Sky Park for a taste of the night life with spectacular views of Singapore from above!
